Address: Sempol 003/014, Harjobinangun, Pakem, Sleman, DIY, Indonesia

Professional Summary

Experienced Mechanical and Reliability Engineer with over 15 years in heavy equipment & fixed plant equipment, mining operations, and maintenance planning. Demonstrated history of driving innovation, improving reliability, and reducing costs through data-driven solutions. Skilled in SAP, SAP H4NA, Pronto XI, predictive maintenance, and project commissioning.

Skills

Maintenance Planning, Reliability Engineering, SAP PM, Pronto XI, Oil Analysis, Failure Analysis, RCM, Budgeting & Cost Control, Team Leadership, Condition Monitoring, Microsoft Office, Caterpillar & Komatsu Software, ShortTerm & LongTerm Planning Execution, Troubleshooting Mechanical, Team Leadership.

Education

Diploma (D3), Mechanical Engineering

Yogyakarta State University, 2006 – 2009 | GPA: 3.17

Technical High School, Automotive Engineering – SMK Pangudi Luhur Muntilan, 2002 – 2005

Professional Experience

Technical Support Specialist – PT KSB Indonesia

Jan 26 – Now | Jakarta, Indonesia

Development and transfer knowledge maintenance program from KSB to all user KSB. Back up warranty equipment, assisting team field engineers to troubleshoot pump at field / customers and meeting with user for discussion with technical specs and selection pump at user locations.

Mechanical Superintendent – PT Merdeka Tsingshan Indonesia

Feb 23 – Des 25 | Morowali, Central Sulawesi

Lead mechanical for one of the largest Acid- Iron - Metal Smelters in IMIP. Developed maintenance strategies, spare part inventory, and PM documentation. Oversaw commissioning documents and budgeting for 2-year maintenance activities. Troubleshooting all mechanical equipment issue at plant (rotation equipment and fixed equipment. Repair and maintenance best

practices at plant. Created continuous improvement at mobile equipment fleet, drill machine, slurry pump, chemical pump, rotary kiln, furnace, ball mill & moistening mill. Manage all engineering work packages to achieve maintenance target (KPI). Maintain reliability engineering data for historical maintenance (Oil analysis, Vibration analysis, RCM database, RCFA database, etc)

Superintendent Maintenance Planner & Reliability – PT Batutua Tembaga Raya

Nov 2021 – May 2023 | Wetar Island, Maluku

Managed maintenance planning and reliability team. Focused on shutdown planning, failure analysis, and reliability KPIs. Led safety investigations and continuous improvement projects. Created planning and budgeting for forecasting maintenance.

Reliability Engineer – PT Merdeka Copper & Gold (Bumi Suksesindo)

Sep 2019 – Oct 2021 | Banyuwangi, East Java

Created Life Cycle Cost analysis, reduced maintenance costs, and implemented improvements in GET and undercarriage management. Created data equipment hierarchy & equipment health, collect data vibration, temperature, oil analyst, data logger from ECM/ data link equipment. Built dashboards for KPI monitoring and predictive maintenance reporting.

Senior System Engineer – PT Petrosea Tbk

Jul 2016 – Aug 2019

Developed SAP PM custom reports and tools. Supported planning teams across multiple sites in asset management and data accuracy.

Maintenance Planner – PT Petrosea Tbk

Dec 2011 – Jul 2016

Responsible for preventive maintenance planning, oil analysis, and data reporting. Managed mobilization for new mining projects.

Parts Analyst – PT United Tractors Tbk

Sep 2009 – Dec 2011 | Medan, North Sumatra

Maintained inventory analysis and spare parts optimization.

Certifications & Training

RCM (Reliability Centered Maintenance), Relogica, 2024

Internal Audit (ICAM), PT BTR, 2022

Root Cause Failure Analyst, IK Academy Malaysia, 2019

SAP End User Program, PT Petrosea Tbk & Accenture, 2014

POP & POM internal from PT Petrosea Tbk

Languages

Indonesian – Native

English – Good (Spoken, Written, and Reading)

References

Suharto – Head Fixed Plant Maintenance – at PT Arafura Surya Alam

Hidayat Purwoko – TSM Manager – at PANI Gold Mine

Agus Praseteo - Process Plant Superintendent – at PT Citra Palu Mineral

CERTIFICATE OF SUCCESSFUL COMPLETION

intertek
Total Quality Assured

ALBERTHUS PRANOWO

has attended & successfully completed Intertek Academy's
**INTERNAL AUDITOR OF INTEGRATED
MANAGEMENT SYSTEM (ISO 9001:2015,
ISO 14001:2015, AND ISO 45001:2018)
TRAINING**

Location : Online Training

CONTENTS OF THE COURSE

- Introduction to Internal Audit of Integrated Management System
- Internal Audit Preparation
- Opening Meeting
- Conducting the Audit
- Reporting the Audit Activities
- Closing Meeting
- Follow up the Audit

Tutor : Moh. Rofli Wisuda Negara

TOTAL QUALITY. ASSURED.

CERTIFICATE NUMBER
BA/IN/2022/8312

DATE : 22nd – 23rd March 2022.

Ir. Arry Kurnia, MBA
Training & Business Development Manager

GLOBAL NETWORK

A global network of reliability experts & practitioners providing world class services in assisting clients on applying RCM – Reliability Centered Maintenance methodology, in over 80 countries.

Certificate of completion

Albertus Pranawa Gunawan

of

PT. Merdeka Tsingshan Indonesia

has completed

RCM II Introductory Course (3 Days)

July 15th – July 17th, 2024

Derris Surya, CMRP
Aladon Certified Practitioner

CERTIFICATE OF ACHIEVEMENT

This is to certify that

Alberthus Pranowo Gunawan

DINDA KURNIA WIJAYA, S.H., M.Kn. Notary Office
Hereby certifies that the copy of Certificate of

Achievement is valid and genuine.

Yogyakarta - Indonesia, 29th August 2022

DINDA KURNIA WIJAYA, S.H., M.Kn

achieved the following scores on the

TOEFL ITP® Test

Listening Comprehension:	52
Structure & Written Expression:	59
Reading Comprehension:	54
Total:	550

Under the auspices of:
ITEF

At: JAKARTA

Date: August 14, 2021

SILVER ID#20153-1303130727-1030922

Date of Birth: July 31, 1987

Mohammad Kousha

Mohammad Kousha
General Manager
Global Education Division, ETS

There are three levels of certificates: Gold, Silver and Bronze.
Each corresponds to a Common European Framework of Reference (CEFR) level:
Gold = C1, Silver = B2, Bronze = B1.

TOEFL ITP SCALE – Level 1
Listening Comprehension: 31–68
Structure and Written Expression: 31–68
Reading Comprehension: 31–67
Total: 310–677

TOEFL ITP® Score Descriptors and CEFR Levels

TOTAL minimum TOEFL ITP scores		CEFR Levels	TOEFL ITP Overall Performance Descriptors
627 pts.	Proficient User—Effective Operational Proficiency	C1	Can understand essential ideas and some difficult and abstract vocabulary in short academic lectures/conversations that require integration and synthesis. Can understand ideas and detailed information in academic written texts, even texts on abstract topics containing low-frequency vocabulary. Can monitor grammatical interactions among elements in complex written sentences. Can recognize less common grammatical forms, such as subjunctive mood and reduced clauses, as well as necessary word choices not specified by general grammatical rules.
543 pts.	Independent User—Vantage	B2	Can connect information across utterances from different speakers in short dialogues and can identify main ideas and details when reinforced in lectures and longer conversations. In written texts containing high-frequency academic vocabulary, can connect details and ideas to understand information that is explicitly stated or implied. Can recognize appropriate ways to vary written sentences using appositives, participles and subordinate clauses and can demonstrate awareness of acceptable variations on basic grammatical rules.
460 pts.	Independent User—Threshold	B1	Can understand clearly reinforced implications and common language functions in short dialogues containing high-frequency vocabulary and common idiomatic expressions. Can understand simple process descriptions and narration in written texts containing high-frequency vocabulary. Can recognize appropriate uses of verbs in common tenses — including passive forms — as well as common linking verbs and expletives such as “there is.” Can recognize the correct structure of a sentence or clause and the appropriate use of infinitives, gerunds and “that” clauses.

The cut scores represent the minimum scores needed to enter the CEFR levels. These recommendations are based on the results of mapping studies with expert panels, and data analyses of test-taker scores. Score descriptors by section are also made available to provide a better understanding of students' English-language proficiency. Visit www.ets.org/toefl/tp/scoredescriptors.

This certificate is printed on security paper. Some of the security features are:

- i. ETS logo disappears when heat is applied, and returns when heat is removed.
- ii. The faint “TOEFL” watermark pattern becomes visible from a 45-degree angle, and becomes medium grey if one uses a coin to rub the TOEFL watermark.
- iii. Chemical reactive paper changes color when exposed to solvents or oxidants.
- iv. A unique “check sum” number that can be used to verify the authenticity of information on the certificate.
- v. Micro print is embedded on the front side of the certificate that must be magnified to be readable; a feature desktop printers cannot reproduce.
